

*The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.*

Central Admixture Pharmacy Services (CAPS) San Diego is issuing a product recall notice for its pain management, sedation, and anesthesia products distributed from the facility July 12, 2023 through September 6, 2023. CAPS is proactively and voluntarily recalling the affected products as a conservative measure to ensure that CAPS has sufficient controls in compliance with federal requirements. The depth of this recall is at the user/hospital level. All lots have passed acceptance criteria for potency, sterility, pH, endotoxin, and sub-visible particulate matter prior to release to the market. Due to pending review of internal manufacturing processes and controls for compliances with federal requirements, CAPS cannot provide a high degree of assurance that quality, purity, identity, and efficacy will meet specifications throughout the product lifecycle.

**Product:** Pain Management, Sedation, and Anesthesia Products

**NDC Number:** (For products compounded at the San Diego CAPS location) 71286-XXXX-X

**Lot Number:** 17-XXXXXX

**Date Distributed:** July 12, 2023, through September 6, 2023

As there are numerous products identified, please refer to CAPS for further information.
