

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

This is to inform you that KVK-TECH, INC. (KVK) is initiating a product recall involving Betaxolol Tablets, USP 10 mg for the batch number listed below. Betaxolol Tablets, USP 10 mg is white, round, biconvex tablets, debossed "K" on left and "13" on right of the bisect on one side and plain on other side. The recall has been initiated as a precautionary measure due to a single foreign tablet subsequently identified as one of the previously packaged product found during line clearance process. The potential of any other product with similar foreign tablets present is unlikely.
